To Whom It May Concern,

I am writing on behalf of The Earth Prize to formally recognise Team EcoFog for their outstanding participation in the 2026 Earth Prize programme, as the ***Asia Runner-Up*.**

Following a highly competitive global selection process, Team EcoFog was selected to advance to the **Regional Interview Stage** of the competition as one of the top 2 teams from Asia. Their project demonstrated strong potential, innovation, and commitment to addressing environmental challenges through scalable solutions.

The Earth Prize receives applications from young innovators around the world, and progressing to this stage reflects the dedication, quality, and promise shown by the team throughout the programme.

We commend Team EcoFog for their hard work and contribution to youth-led environmental innovation, and we look forward to following their continued journey and impact.

Sincerely,

Ellen Gearon
